Experience:

Lead Web Developer

Cal State Fullerton – Center for Entrepreneurship

March 2007 – March 2008

- Developed several websites for Cal State Fullerton's Business department.
- Collaborated with a team of content writers, usability testers, and students for these developments.
- Converted websites from standard XHTML format to a content management system using PHP & MySQL; all with 508 usability standards.
- Used search engine optimization (SEO) to develop top 10 ranking on major search engines.
- Headed a team of current/former students to assess usability and features.

Lead Web Developer

The Foundation for Emerging Markets

January 2007 – March 2007

- Worked with the company president to assess the company's needs and apply effective solutions.
- Implemented a content management system giving the company the ability to easily make changes without web development knowledge.
- Excelled at CSS based layout design, and basic level PHP & MySQL.
- Used SEO to increase ranking in searches over their old sites design.

Web Developer

Self Employed

January 2004 – January 2007

- Worked on a variety of websites for small businesses to large companies
- Provided assistance on development, SEO, and online marketing
- XHTML, CSS, layout design, image editing, and online marketing were perfected.

Achievements:

CSUF Young Entrepreneur Society – Club president 2006-2007 & Vice President 2005-2006

1st Place in Business Decision Making 2006 – FBLA State Leadership Competition

4th Place in Business Decision Making 2006 – FBLA National Leadership Competition
